PROJECTS

Badminton Guide Website — *Developed Using PHP*

→ This website is useful for those people who struggle to find a Badminton racket of their fit.

→ It has an admin entity who can operate on the database and perform CRUD operation.

→ It has a user entity who can visit the research page to read all the technical configuration of a Badminton Racket and gain information.

→ Hosted on : <http://65.2.148.156/BadmintonGuide/> via AWS.

SKILLS

Server Administration

★★★★☆

HTML
